What is it?

Sourcing Journal Online is the premiere trade publication for apparel and textile executives, focused on sourcing and manufacturing. It includes in-depth features, expert analysis and interviews with industry leaders. They are a global resource for news and information tailored for textile and soft goods executives working on the supply chain side of the business, and provide daily updates on news changing the industry, commentary and opinion from industry experts. Sourcing Journal knows that intelligent business decisions are based on strategic, time-sensitive information. With continuous updates on global market conditions, breaking news stories, top-tier investigative journalism and industry white papers, they help to make sense of an increasingly complex sourcing landscape.
